Jennifer Cave has over 20 years of experience working as an environmental consultant and attorney across the United States. Serving as Chair of the firm's Environmental, Energy & Sustainability Service Group, she works closely with businesses to ensure compliance with local, state, and federal environmental laws and regulations. Ms. Cave advises clients on air quality, storm water, wastewater, and solid and hazardous waste permitting and compliance requirements and defends clients in administrative, civil, and criminal enforcement actions. Ms. Cave also regularly counsels equipment manufacturers on the importation and sale of mobile sources under the Clean Air Act and guides clients through transactions involving the purchase and sale of contaminated properties.

In addition to her environmental law practice, Jennifer founded Stites & Harbison's hemp and medical cannabis practice after being appointed by the Governor to the Kentucky Medical Cannabis Advisory Committee in 2022. She provides counsel on regulatory compliance, business strategy, and risk management issues to medical cannabis businesses and represents medical cannabis businesses in litigation and before the Kentucky Office of Medical Cannabis.

CAPABILITIES

Practice Areas

- Environmental Litigation
- Environmental Policy, Legislation and Rulemaking
- Environmental Transactions
- Environmental, Energy & Sustainability
- Health Care - Environmental
- Hemp and Medical Cannabis
- Manufacturing
- Natural Resources & Environmental Surety Law
- Regulatory Counseling, Permitting, Compliance & Enforcement
- Renewable Energy Development
- Sustainability & Emerging Technology

RECENT ASSIGNMENTS

- Negotiated a coverage settlement on behalf of an excess insurance carrier in a matter involving claims made in connection with contaminated sediments at the Portland Harbor Superfund site.
- Conducted a Clean Air Act audit and negotiated penalty amnesty with state air agency for a large, coal-fired power plant.
- Obtained hardship relief from U.S. EPA for a manufacturer of non-road equipment following supply chain shortages of compliant engines resulting from the 2011 tsunami in Japan.
- Evaluated state and local air permitting requirements for a nationwide product recall by a Japanese automotive manufacturer.
- Prepared a combined PSD/Title V Permit Application for a proposed coal-fired power plant.
- Counseled museum with respect to assessment for possible toxic mold growth inside museum building.
- Defended a major oil company against CERCLA liability in federal court relating to an accidental release of product from a rail car.
- Advised telecommunications company regarding state air permitting requirements for emergency generators at cell tower sites.
- Defended an insurance company in coverage action resulting from the release of radioactive materials into a city sewer system by a manufacturer of aircraft engine parts.
- Advised client with respect to assessment, remediation, and potential sale of a former electric transformer manufacturing facility.

MORE THAN STITES & HARBISON

Ms. Cave joined the firm after working as an environmental consultant specializing in due diligence investigations and hazardous waste compliance in New England and the Pacific Northwest. In the past, Ms. Cave has served on the Board of Directors of the Lexington Humane Society, the Louisville Energy Alliance, and the KMAC Museum and the Steering Committee of Leadership Lexington. In 2017, she co-founded Women Environmental Leaders of Louisville (WELL), a networking group of over 100 women working in the environmental, health and safety, and sustainability fields in Louisville. Ms. Cave is an avid horsewoman who enjoys competing in the sport of eventing. She also assists her two rescue dogs, Mason and Malcolm, with managing the family farm in Shelby County.
